

# Spock's Beard, Game Face

Put on your game face  
Move to a better place  
Floating in deep space  
There is no real escape  
Leave it to your fate  
Try not to get irate  
No talk no live debate  
All in there's no escape

You're movin' like a star

Come on don't be late  
You can alleviate  
Good for goodness sake  
I've got some real estate  
Put on your game face  
Move to a better place  
Floating in deep space  
There is no real escape

No matter where you are  
The promise land's not far

Put on your game face  
Move to a better place  
Floating in deep space  
There is no real escape  
Leave it to your fate  
Try not to get irate  
No talk no live debate  
All in there's no escape

Move to a better place
