

# Spoken, September

Years ago a future was laid before me  
And I took the task and ran with it as far as I could go  
I always wanted to be a part of something like this  
You believed in me, and it's all I needed  
Before I go, please know that I love you with all of my heart  
My heart, my heart, is beating for you  
I want you to know that I'll be thinking of you wherever I go  
Tonight I am standing with you  
A chance to change the world as we know it  
The feeling of lights upon me feels so perfect  
You are here with me and it's all I need  
Before I go, please know that I love you with all of my heart  
My heart, my heart, is beating for you  
I want you to know that I'll be thinking of you wherever I go  
Before I knew you, before I saw your face  
Life had its reasons for keeping love away  
Spring turned to summer  
And summer then turned to fall  
Then came September  
We began it all  
Before I go, please know that I love you with all of my heart  
My heart  
I want you to know that I'll be thinking of you wherever I go  
My heart, my heart, is beating for you  
My heart, my heart, is beating for you
