

Sponge, All American World

Life is hard
When it seems
That you're a fish
On the hook
Of the American dream
We're the All American Boys
Looking for
The All American world
Lots of us are looking
Some die trying
If life's so beautiful
Why do I feel like crying
The All American
The All American world
You may wander
What you're compromising
When you feel your blood
Pressure rising
All American noise
Looking for the All American world
The All American
The All American world
Lights attract on the
Boulevard
In the U.S. of Vegas
You've used up your last chance
You'd sell your soul
In this pulp romance
But you can't sell a thing
You already gave away
He there man
There ain't no denying
Things are looking good
As long as we keep buying
All American noise
Looking for the
All American world
The All American world
Tell me what is it like?
Is there enough for me?
All American
All American
All American
Great Big American
