

Sponge, Treat Me Wrong

So focus
And it's a little time that you needed
I'll be a little violin that's playin
I'll be the space that helps your eyes see clearer
Please tell me
Are you all right now
I'll tell you right but you just done me wrong

Chorus
Treat me wrong
Why you wanna treat me wrong
I'm sorry that your leaving but I'm happy that your gone
But i'm so sorry

But what did i say that really upset you
I know you're so sensitive and peculiar
But based on all that relaxed conversation
I thought that you'd be
hangin around

chorus

Your gone
