

# Spooky Tooth, Lost In My Dream

It was a strange dream  
It took my heart from me  
And though it did seem  
To end my misery  
I could still see where  
My life was headin' for  
A voice cried beware  
Your fate's behind the door

And now I'm still lost  
In my dream of fear  
It's the end for me  
Somewhere in the frost  
On the seam of my mind  
Waits my destiny  
Don't think I've gone there today

It was a strange dream  
The dark eye stead to me

They had a deep clean  
Reflecting fantasy  
Then out of nowhere  
There came a voice to me  
It said this nightmare  
Will be reality

And now I'm still lost  
In my dream of fear  
It's the end for me  
Somewhere in the frost  
On the seam of my mind  
Waits my destiny

Don't think of gone love again

Gotta' find a way home somehow

Lost in infinite sleep somewhere
