

Spoon, My First Time, Vol. 3

My first time volume three
They never would know what it did to me
My first time volume three
Well I woke up in a sheet
And all I heard
Was you ain't givin' up
But I never gave up

And if sound is sacred
Let me hear you tell me what
And let me get me
My first time volume three
Ooo oh yeah

I pulled though after all
Every lifted from the lord
And it better be
I let it go what I knew
Well it cut into my heart
And they tore it to my mind
Oo now tore it to my mind
I gotta believe

If sound is sacred
Come ride it and reap my mind
Aww and I'll make it inside

My first time volume three
They never would know what it did to me
My first time volume three
Well I woke up in a sheet
And all I heard
Was you ain't givin up
Oh but you never gave up

And if sound is sacred
Let me hear you tell me what
Aww make it inside
Do you feel that?
And I'm changing inside
Can you see that?
Oh I was hating inside
And you know that
Breaking inside
Can you feel that (x4)
