

# Spoon, Utilitarian

Catacomb be my security  
count it off be my big sister  
i walked forty-six blocks  
you've been putting it off but come on  
i got meat in my arms  
i got steel in my teeth so come on  
making out taking out  
it's utilitarian  
heartache adulate  
the utilitarian  
oh yeah we're in love with this perverted world so come on  
when i walk down the steps im just halfway across the world
