

# Spoons, Bed Of Nails

I know a place that nobody knows  
In my wildest dreams  
I wake up  
I dont know where Ive been

You take me away  
So far from here  
Where we dance all night long  
To the beat of a silent drum

Were dancing on a bed of nails

I walk alone  
Til I close my eyes  
And you roll up the world  
In a ball in the back of my mind

You take me away  
So far from here  
Where we dance all night long  
To the beat of a silent drum

Were dancing on a bed of nails  
And I want it forever  
Were dancing on a bed of nails  
And I want it forever  
Were dancing on a bed of nails  
In the last great adventure
