

Spoons, Friends In The Media

I can not tell what is real
In the multimedia
I dont even know where my feet are I have
Trouble seeing that far
In my car

But
You can do it
You can do it
You can do it
Cause
Ive been watching everything
Your every movement
You can change it
You can change it
You can change it
Cause
Youve got friends in the media

I lost my girl many times
To the multimedia
I cant believe anymore
What I read about cars
Like my car

Chorus

I drive around without a head
? to drive my car
I dont even know where the lines are
In the multimedia, media,
Media, media

Chorus
