

# Spoons, The Rhythm

We move to THE RHYTHM in our hearts  
So we will never be apart  
We move to THE RHYTHM in our hearts  
Well dance to, well dance to THE RHYTHM

We move in time to our favorite song  
But it wont be on forever, forever  
Cause every day the melody gets shorter  
So never stop... no never, never

I want to move with you  
I want to move with you  
Just dance to THE RHYTHM in your heart

The needle skips across somebodys back  
We lose someone forever, forever  
We cry a while  
And then hurry back to dance again  
Cause when the record stops  
Its over, its over

I want to move with you  
I want to move with you  
Well move to THE RHYTHM in our hearts  
So we will never be apart  
Well move to THE RHYTHM in our hearts  
Well dance to, well dance to THE RHYTHM  
Just dance to THE RHYTHM in your heart
