

Sprung Monkey, White Trash

well you act like i should know you
yes you act like i should care
abrasive in your actions
throwing your style everywhere
white trash, low cash thieving lying ignorance
one time, last time
you are not my f**king friend
no you are not my friend
well you act like i should know you
yes you act like i should care

abrasive in your actions
throwing your style everywhere
white trash, low cash thieving lying ignorance
one time, last time
you are not my f**king friend
no you are not my friend
i can see you are heading right straight into nothing
no you are not my friend
no you are not my friend
