

Sponge, Lyrical Content

your so intent on my lyrical content,
you probably dont realise exactly what i meant,
it may not be up there with JRR tolkein,
but at least you dont need a PhD to understand what i mean,

if your the kind of guy who reads between the lines,
then you probably drive a volvo and read financial times,
its not about how clever or witty the prose,
its more about the feel of the song, and make sure it flows,

my lyrical content,
wax lyrical,

theres nothing wrong with writing total nonsense lyrics,
i dont have to please anyone, especially not the cynics,
if your the kind of guy who likes to know whats wrong,
then id rather put a smile on your face and help you bounce along,
nothing makes us happier then smiling bouncing faces,
so we have to get our music heard in lots of different places,
its not about how clever or witty the prose,
its more about the feels of song and making sure it flows,

my lyrical content,
wax lyrical,

lots of people say you had a sense of humour,
there may be some truth in that but i think its a rumour,
since i get most of my lyrics from peter or jane,
i tried using a thesaurus, but the songs came out the same,
we like to think were standing on the funny side of crazy,
the futures looking bright although the pasts a little hazy,
its not about how clever or witty the prose,
its more about the feel of song and the way it flows,

my lyrical content,
wax lyrical
