

Sponge, Makes Me Happy

it makes me happy
when you are sad
it makes me smile when i know that youre mad
i am all cheery
when you are weary
because i have more fun when you're nowhere near me

everybody else just get in line
what goes around comes around
in time
na na na na na na na na na
na na na na na na

what's the matter with you?
nothing wrong with me
just move along nothing here to see
everyone in a line
everything is fine and dandy here with me

it makes me happy
when you're in trouble
and if it's serious then that makes it double
i am all cheery
when you are weary because i have more fun
when you're nowhere near me

everybody else just get in line
what goes around comes around
in time
na na na na na na na na na
na na na na na na

what's the matter with you?
nothing wrong with me
just move along nothing here to see
everyone in a line
everything is fine and dandy here with me
