

Spunge, Nothing To Hide

You will come to realise that your life is like a book
Someone's always noting the routes you took
And I want you, to know that I've got nothing to hide

If you've got somebody buried underneath your patio
You can bet your life that your neighbour's know
And I want you, to know that I've got nothing to hide, yeah

All those things I've done, all those things I've said
I wanna tell you that I've got nothing to hide
I've got no regrets, at least I haven't yet
I wanna tell you that I've got nothing

Okay there was that problem I had back in '92
But that got cleared up and the rash did too
And I want you, to know that I've got nothing to hide

I've been called a liar, a cheater and a whore
I've been called a slut and a whole lot more
And I want you, to know that I've got nothing to hide

All those things I've done, all those things I've said
I wanna tell you that I've got nothing to hide
I've got no regrets, at least I haven't yet
I wanna tell you that I've got nothing to hide
All those things I've done, all those things I've said
I wanna tell you that I've got nothing to hide
I've got no regrets, at least I haven't yet
I wanna tell you that I've got nothing hide

I'm not lying and I'm sure
When I say there'll be no more
She didn't mean a thing to me
And nor did the other three

Skeleton's in closets are commonplace I know
But please don't hang your dirty laundry on show
And I want you, to know that I've got nothing to hide

I may well have problems but then so have you
Cos I've seen you doing those things you do
And I want you, to know that I've got nothing to hide

All those things I've done, all those things I've said
I wanna tell you that I've got nothing to hide
I've got no regrets, at least I haven't yet
I wanna tell you that I've got nothing to hide
All those things I've done, all those things I've said
I wanna tell you that I've got nothing to hide
I've got no regrets, at least I haven't yet...
