

Squad Five-O, Don't Hesitate

Don't act so uptight
Don't shoot me down
My patience is running out
I need you here beside me
I need your kiss
Don't leave me here like this

Make up your mind
Sometimes you act so bored
Like you don't care anymore, at all

So, hey don't hesitate
Don't keep me waiting
Don't play your games
Yeah, don't hesitate
Time waits for no one

When you hear me knockin'
Outside your door
Don't act surprised
You know what I came here for
I need to feel you tightly
Wrapped 'round my bones
Flesh to my flesh, soul to my soul

So open the door, you're so uptight
And time waits for no one

Turn me on, don't turn me down
