

Squad Five-O, Turn It Up

We got shark skin style
An alligators smile
Personality that just don't quit
So take a bite of the danger if you like
Spit it out when you're done with it

Tonights the night
So turn it up
I'm not afraid to die
Cuz you got nothing to do
And we've got nothing to lose

I'm a snake gone wild
Guitar wolf child
With a sex appeal
You can't understand
We're going off Just like a hydrogen bomb
Blowing up all over japan

Tonight's the night
So turn it up
Don't be afraid to die
