

# Squeeze, When Love Goes To Sleep

(Difford/Tilbrook)

When the world has gone to sleep  
I'm still up among the sheep  
With my feet out of the bed  
I'm my one and only friend  
In my room of many nights  
Many boys and many lights  
I've been turned on and off  
So my heart's a little soft  
It's led to this here tonight  
Now there's just me here with I  
When the place is in a mess  
And you've tried to do your best  
When the boys have come around  
To pick up and then put down  
All your tries are being judged  
By the one you never loved  
When the moment finally strikes  
He gets dressed and says good night  
And you're puzzled by the mood  
Because the piece that's missing's glued

No I'm not sleeping around  
My bed's turned up, turned down  
But when he decides to stay  
I'll sleep through all the love we make  
When love goes to sleep....

When the world has gone to bed  
I'm my one and only friend  
Just a cup with lipstick on  
Is all I'm left with now he's gone  
Now I can't get off to sleep  
I'm among the lonely sheets  
All my plans again destroyed  
This doll doesn't like to toy  
Must be something that I've said  
That leaves me this empty bed

No I'm not sleeping around, my bed's turned up, turned down  
But when he decides to say I'll sleep through all the love we make  
When love goes to sleep....
