

Squirrel Nut Zippers, It Ain't You

I've been searchin' all over for someone
I can tell my troubles to
Searchin' all the wide world over
Is it you, is it you

Are you the kind of man that marries
then gets his mind on somethin' new
You gotta let me know I'm all alone
Is it you, is it you
Is it you baby
Is it you

I confide in you
you seem to understand my point of view
I'm old inside
and you can't understand why, can't understand why

I confide in you
you seem to understand my point of view
I'm old inside
and you can't understand why, can't understand why

I've been searchin' all over for someone
I can tell my troubles to
Searchin' all the wide world over
Is it you, Is it you
Is it you baby
Is it?
