

# Squirrel Nut Zippers, Just This Side Of Blue

I'm just this side of blue,  
Just as close to crackin' up,  
Just this shy of packin' up,  
I'm just this side of blue.

It's that time you knew,  
There's no point in talkin' it out,  
Just as close to walkin out,  
That's why I'm tellin you.

I could complain, and be a pain,  
But I'd get tired of that.  
I could cuss. and raise a fuss  
That won't fix what's wrong with us.

I'm just this side of blue,  
So tired of shackin' up,  
Just this close to crackin' up,  
I'm just this side of blue.

It's that time, you knew,  
There's no point in talkin' it out,  
Just this close to walkin' out,  
That's why I'm tellin' you.

I could complain, and be a pain,  
But I'd get tired of that.  
I could cuss, and raise some dust,  
That won't fix what's wrong with us.

I'm just this side of blue,  
I'm just this side of blue.
