

Squirrel Nut Zippers, Lover's Lane

Broadway hasn't been the same
Since we found lover's lane
Standing on the corner of fourth and main
Dreaming of you way downtown in lover's lane
Sun is down, moon is bright
Lover's gonna stroll all night
Way downtown in lover's lane

Well getting high on bourbon and champagne
Cannot compare to what we shared down in lover's lane
Standing on the corner of fourth and main
Still cannot match the thrill of lover's lane
Sun is down, moon is bright
Lover's gonna stroll all night
Way downtown in lover's lane

Well Broadway really ain't quite the same
Since you and I found lover's lane
Standing on the corner of fourth and main
Dreaming of you way downtown in lover's lane
All the world is fast asleep
She'll be jumping of lover's leap
With some other fella down in lover's lane

With some other fella down in lover's lane
With some other fella
