

Squirrel Nut Zippers, Winter Weather

I love the winter weather
Because the two of us can get together
There's nothing sweeter, finer
When it's nice and cold I can hold
Baby closer, to me
Collecting all the kisses that are due me
I love the winter weather
Because I've got my love to keep me warm
I love the winter weather
Because the two of us can get together
There's nothing sweeter, finer
When it's nice and cold I can hold
Baby closer, to me
Collecting little kisses that are due me
I love the winter weather
Because I've got my love to keep me warm
So warm
