

# Squirtgun, Youre The Greatest

You're my inspiration  
You're my infatuation  
Help me find the way  
Help me, help me find the way

You're my sweet salvation  
You're my soul obsession  
Help me find the way  
Help me, Help me find the way

You're the greatest friend I know  
You really are the aces  
With compound eyes I've been shown  
You really are the greatest

You're my percolation  
You're my intonation  
Help me find the way  
Help me, help me find the way

You're the greatest friend I know  
You really are an all-star  
With X-ray eyes I've been shown  
You really are the greatest
