

# SR-71, What A Mess (Album Version)

I confess its all true  
I'm a mess  
What a fool  
Now what do I do?

I need your help to get up from my knees  
Cuz I can't seem to see the forest for the trees  
As I wait in my silent misery  
All I am asking is please  
Forgive me

Now she knows me  
Now she knows me  
But she wants me to be  
Someone I can't be  
Still she wants me  
And she needs me  
She wants me  
Cuz she loves me..

I need your help to get up from my knees  
Cuz I can't seem to see the forest for the trees  
As I wait in my silent misery  
All I am asking is please  
Forgive me

Shattered

Now you see inside  
Cuz I no longer hide  
I fall between the cracks you left behind

Shattered

Now you're out of time  
You've come this far to be denied

What a shame I'm to blame  
What a shame knowing that I'm to blame

I need your help to get up from my knees  
Cuz I can't seem to see the forest for the trees  
As I wait in my silent misery  
All I am asking is please  
Forgive me

I need your help to get up from my knees  
I am the Lorax, I speak for the trees  
As I wait in my silent misery  
All I am asking is please  
Forgive me

Cuz all I'm asking is please..
