

# St. Simon 3, Hey Mr. Soundman!

On the weekend when I hit the town  
I usually end up feeling let down  
though I've heard the time will come again  
When something's gonna happen, but nobody knows when

So if you're always knowing  
You've got something going  
Here's what we say:  
Hey, Mr. Soundman -- let the band play!

Everyone I know is just hanging on  
Waiting for something good to come along  
Sot he radio has let you down  
There are still other things waiting to be found

I went down to the record shop  
All the kids were dancing to the Blitzkrieg Bop  
But the times change and there is nothing you can do  
even Dee Dee Ramone has stopped sniffing glue  
And some people say they've heard it all before  
And they are always in such a hurry to get bored  
And I gut frustrated when they act so jaded  
'Cause I still love the things I did before

The time has come and now I understand  
That the revolution is here at hand  
It took a while, but it's gonna come on strong  
But then again, maybe I could be wrong
