

St. Thomas, What Have I Done

I went to the living room
Found some silence among those trees
Tried to keep up with some nice talking
What have I done
I walked the stairs to my room
Spent some time on another song
Stayed away for three hours
They did not know
So I walked around in circles
Questions run inside my head
Tried to keep up
With some nice talking
What have I done

I'm gone away for some time
I will never settle down
I'll keep myself away from you
I will never settle down

I'm gone away for some time
I will never settle down
I'll keep myself away from you
I will never settle down
