

# Stabbing Westward, The Only Thing

All I need  
Is the air you breath  
All I need  
Is the air I breathe  
All you need  
Is the air we breathe  
There are so many things  
We need so desperately  
And the TV preaches  
We can't live without them  
You tell me what is neat  
I'll tell ya what I believe  
If I ever were without it  
Then I'd be worthless  
'Cause you are everything  
The only thing that matters  
You are everything  
The only thing that I need  
You are everything  
The only thing that matters  
Yes you are everything  
You are the air I breathe  
I wonder if some day  
We took all their toys away  
Do you think they'd find the strength  
To go on living?  
'Cause deep inside I know  
If I lost everything I owned  
I'd be a king  
As long as you're beside me  
'Cause you are everything  
The only thing that matters  
Yes you are everything  
The only thing I need  
My love means everything  
The only thing that matters  
Yes you are everything  
You are the air I breathe  
The air I breathe  
I hope someday they find  
A place to bid online  
Where all lost souls  
Can find themselves some meaning  
I know we'll survive  
All we need's more time  
As long as we've got love, and art,  
And the ocean  
And we are everything  
The only thing that matters  
We are everything  
There's nothing else I need  
Our love is everything  
The only thing that matters  
Cause we are everything  
You are the air I breathe  
The air I breathe
