Stabbing Westward, When I'm Dead

I know the tears you're crying in your bed at night alone I've cried those tears a thousand times
But those shallow empty songs about suicide are patronizing
You've got to learn to face your fears
Or do you think I'll be less lonely when I'm dead
It can't silence all the voices in my head
I close my eyes but I can't make it go away
Do you think I'll be less lonely
God I pray that I'm not lonely

When I'm dead When I'm dead When I'm dead

When I'm dead I won't feel any pain And when I'm dead I won't feel anything

When I'm dead When I'm dead When I'm dead When I'm dead

I know the songs you're singing, saying nothing loud and clear I've heard that song a thousand times
But your shallow empty lies about suicide are patronizing
You can never understand what I feel

Or do you think I'll be less lonely when I'm dead It can't silence all the voices in my head I close my eyes but I can't make it go away Do you think I'll be less lonely God I pray that I'm not lonely

When I'm dead When I'm dead When I'm dead When I'm dead
