

Stabilizer, Reaching Down

you could say its broken
the silence that I've bottled up inside
cuz once again this paper is full of my thoughts
and a little sin...
and i know what caused this change
and i know what turned my rage
if its real i know my place
and if not please let me wake from this

doubt, you're reaching out
i'm reaching down
without any sound
feet on the ground, maybe the clouds

and if we are that
and if we are those things
there's nowhere else my heart can beat
but i don't want to stay here
so come away
won't you come away

the right two people
on the one wrong planet
of course we can just leave
let's just leave...
