

# Stacey Earle, In My Way

I walk all over this earth  
Picking pieces of what she is worth  
I've got a little bit to show for  
Got what I need and maybe a little more

I wake up to catch the sunrise  
I've fallen in love under a moonlit night  
I've seen some of the worst storms roll in  
Just pick up my pieces and I move on again

And I know exactly where I'm heading  
This is just a little stop I made on the way  
Even though I feel like I'm in heaven  
I'll let nothing stand in my way

|  
In my way, in my way  
In my way, in my way

Now a hard day's work leaves a tired one  
Leaves so little time for anyone or any fun  
But I'm sure I'll be seeing you around  
Don't get up I know the way out

I know exactly where I'm heading  
This is just a little stop I made on the way  
Even though I feel like I'm in heaven  
I'll let nothing stand in my way

In my way, in my way  
In my way, in my way

I've got nothing standing  
I've got nothing standing  
There is nothing standing  
There is nothing standing  
I see nothing standing  
I see nothing standing  
I have nothing standing

In my way, in my way  
In my way, in my way  
In my way, in my way
