

Stacey Q, Screaming In My Pillow

Your love is the river that I flow
When it hurts too much I'll let you know
Give it all to me
Set my body free

Screaming in my pillow
Screaming in my pillow
Screaming in my pillow again

You come like white satin in the night
And we tear apart each other till the moment is right
Right now
Make me cry out loud

Screaming in my pillow
Screaming in my pillow
Screaming in my pillow again

Screaming in my pillow
Screaming in my pillow
Screaming in my pillow again

When you go away don't tell me lies
You'll never find a girl like me to fill your desires
No way
You'll come back again

When I'm screaming in my pillow
Screaming in my pillow
Screaming in my pillow again

Screaming in my pillow
Screaming in my pillow
Screaming in my pillow again

Screaming in my pillow
Screaming in my pillow
Screaming in my pillow again

Make me scream in my pillow
Make me scream, make me scream

Make me scream...
Make me scream...
Make me scream...
