

Stacie Orrico, I'm Not Missing You

Ooh?
I'm not missin' you?
(Hmmm)?

~Stanza 1~

Been through just about everything,
That i could go through,
When it comes to relationships.
Don't know what i was missing
Or why i ain't listen
When i told myself that was it.
But here i go,
Hurt again.
Cause of my curiosity.
Now that it's over,
What else could it be,
He decides to cheat?

~Pre-Chorus~

I made a promise never to settle,
Why didn't i keep it?
Cause i hated the heart break, cryin' and cheatin',
The fooling around.
But i'm not missin' you...

~Chorus~

I'm not going through the motions,
Waiting and a hoping you call me.
I'm not missin' you.
You mighta had me open,
But i must be goin' because,
I got life to do
I know i'm usually hanging on,
I used to hate to see you go.
But this time its different;
I don't even feel the distance.
I'm not missin'; i'm not missin' you...

~Stanza 2~

It's a shame in way,
Cause i feel that i may not
Ever find the right one for me.
Did i leave him this year,
Right n front of my face (oh).
Will my love ever be?
Why would i go,
on a search again?
When i know what the
end will be.
What good is love
When it keeps on hurting me?

~Pre-Chorus~

I made a promise never to settle,
Why didn't i keep it?
Cause i hided the heart break, cryin' and cheatin',
The fooling around.
But i'm not missin' you...

~Chorus~

I'm not going through emotions,
Waiting and a hoping you call me.
I'm not missin' you.
You mighta had me open,

But i must be goin' because,
I got lots to do.
I know i'm usually hanging on,
I used to hate to see you go.
But this time is different;
I don't even feel the distance.
I'm not missin'; i'm not missin' you...
(repeat 2x)

~Bridge~

No, i can't be with you
Cause i'm scared.
Felt like i was falling when you left me.
I can't keep going through life
Unaware of what i'm missing
Or the person that i could be.
Love's good when it's right.
Bad, when it's left in you memory.
All the times, and anytime.
I guess love would be nice for someone, as this life...
I'm not missin' you...

~Chorus~

I'm not going through emotions,
Waiting and a hoping you call me.
I'm not missin' you.
You mighta had me open,
But i must be goin' because,
I got lots to do.
I know i'm usually hanging on,
I used to hate to see you go
(i used to hate it).
Different...
(don't feel the) distance.
I'm not missin'; i'm not missin' you...

~Chorus~

I'm not going through emotions,
Waiting and a hoping you call me.
(knocking at my door)
You mighta had me open,
But i must be goin' because,
(this is the best day of my life)
I know i'm usually hanging on,
I used to hate to see you go.
Different...
(don't feel the) distance.
I'm not missin'; i'm not missin' you.....

(Ohhh)

I'm not missin' you...
No baby...
I'm not missin' you...
