

# Stacie Orrico, I Promise

Will I always be there for you?  
When you need someone, Will I be that one you need?  
Will I do all my best to, to protect you?  
When the tears get near your eyes  
Will I be the one that's by your side?  
Will I be there when you call me in the middle of the night?  
Will I keep the rain from falling down into your light?  
I promise, I promise  
I promise I will

Will I take tender care of you?  
Take your darkest night and make it bright for you  
Will I be there to make you strong and to lean on?  
When this world has turned so cold  
Will I be the one that's there to hold?

Will I be there when you call me in the middle of the night?  
Will I keep the rain from falling down into your light?  
I promise, I promise  
I promise I will

Will I be there when you call me in the middle of the night?  
Will I keep the rain from falling down into your light?  
I promise, I promise  
I promise I will

Yeah  
And I love you more every day  
And nothing will take that love away  
When you need someone  
I promise I'll be there for you (there for you)  
I promise

Will I be there when you call me in the middle of the night?  
Will I keep the rain from falling down into your light?  
I promise, I promise  
I promise I will

And I promise (and I promise)  
I promise (oh I promise you)  
I will be there when you call me (when you call me)  
I promise (I promise)  
I promise I will
