

# Stage Dolls, Don't Stop Believin'

(T. Flakne/B. Icon)

Got a vision, got a dream  
now I'm lookin' somewhere in between  
imagine this, a world that's free  
people livin' in harmony  
some wanna sing, some wanna dance  
some wanna live, given the chance  
who's got it bad, who's got it good  
we all need to be understood  
the choice is ours to make  
the world is hard to take  
if you start lettin' go  
there's somethin' you should know  
oh-oh-oh-oh  
Don't stop believin'  
don't run away  
hold fast the feelin'  
there'll be brighter days  
some wanna sing, some wanna dance  
some wanna live, given the chance  
picture this, a love so real  
or anythin' you wanna feel  
the choice is ours to make  
the world is hard to take  
if you start lettin' go  
there's somethin' you should know  
Don't stop believin'  
don't run away  
hold fast the feelin'  
there'll be brighter days
