

# Staind, All I Want Is You

What I leave,  
When you go,  
What I see,  
And what you show,  
And what I guess,  
And when I don't,  
Is something you all ready, all ready know,  
I can't live without,  
All I think about,  
All I want is you,  
You're all I dream about,  
I can't live without,  
All I want is you,  
The things I do,  
I go through,  
And all I see,  
When I'm awake,  
And what I make,  
The shit that I take,  
Is something you all ready, all ready know  
I can't live without,  
All I think about,  
All I want is you,  
You're all I dream about,  
I can't live without,  
All I want is you,  
Ohhh,...  
Is you,  
Is you,  
Is you,  
Is you,  
You're all I dream about,  
That I can't live without,  
All I want is you  
I can't live without,  
All I think about,  
All I want is you,  
You're all I dream about,  
I can't live without,  
All I want is you,  
I just can't live without you,  
When all I think about is you,  
And all I want is you
