

# Staind, Falling

You in your shell  
are you waiting for someone to rescue you  
from yourself.  
Don't be disappointed when no one comes.

Don't blame me you didn't get it (3x)

(Chorus)  
I already told you, that falling is easy its getting back up that becomes the problem,  
becomes the problem  
and if you don't believe you can find a way out you become the problem,  
become the problem.

You, all alone,  
are you waiting for someone to make you whole?  
Can't you see  
aren't you tired of this dysfunctional routine.

Don't blame me you didn't get it (3x)

(Chorus)

(Chorus)

falling is easy its getting back up that becomes the problem,  
becomes the problem  
and if you believe you can find a way out then you solve the problem,  
you solve your problem.
