

# Staind, Mudshuvel

You take away  
I feel the same

You take away  
I feel the same  
All the promises you made to me  
You made in vain  
I lost myself inside  
Your tainted smile again

Chorus:  
Cause you can't feel my anger  
You can't feel my pain  
You can't feel my torment  
Driving me insane  
I can't fight these feelings  
They will bring you pain  
You can't take away  
Make me whole again

I feel betrayed  
Stuck in your ways  
And ou rip me apart with the  
Brutal things you say  
I can't deal with this shit anymore  
I just look away

Chorus:  
Cause you can't feel my anger  
You can't feel my pain  
You can't feel my torment  
Driving me insane  
I can't fight these feelings  
They bring only pain  
You can't take away  
Make me whole again

Mudshuvel (x8)

You take away  
I feel the same  
All these promises  
You promised only pain  
If you take away  
And leave me with nothing again

Chorus:  
Cause you can't feel my anger  
You can't feel my pain  
You can't feel my torment  
Driving me insane  
I can't fight these feelings  
They bring me pain  
You can't take away  
Make me whole again

You will feel my anger  
You will feel my pain  
You will feel my torment  
Driving you insane  
I can't fight these feelings  
They will bring you pain  
You won't take away

I'll be whole again
