

Staind, Need To

I, I am confused, fighting myself
Wanting to give in, needing your help
Skin cold with fear, feel it when we touch
Outside, I know you but, inside, I'm fucked

Can you see it in me?
Skin cold from touch
Each day confronted with what I have done
You pull me closer, I push you away
You tell me it's okay, I can't help it but feel the pain

I hate you!
Why are you taken?
I loved you!
I feel so helpless
Why is it you?
Ripping my insides each time I lay with you
Why do I cry? Why do I really need to?

Why? X4
Fuck you bitch!

Need to. Need to. Need to...
Fuck... fuck... fuck... fuck...

I hate you
Why are you taken?
I loved you
I feel so helpless
Why is it you?
Ripping my insides each time I lay with you
Why do I try? Why do I fucking need to?

Fuck X7

Slut.
