

Stairwell, Don't Let It End

change is all the same
change is all the same
it makes no difference who you want to be
it finds its way
change is all the same
change is all the same
it makes no difference where you want to be
it finds its way

keep it outside in the cold
it's cold, it's cold, it's cold
you know me, i'm two steps ahead

change is all the same
change is all the same

change is all the same
change is all the same
it makes no difference who you want to be
it finds its way
change is all the same
change is all the same
it makes no difference where you want to be
it finds its way

keep it outside in the cold
it's cold, it's cold, it's cold
you know me, i'm two steps ahead

will i see you again
when the mountains are white
the warmth of your eyes
will i see you again
when the blue skies turn grey
the rain washes away

will i see you again?
will i see you again?

will i see you again
when the blue skies turn grey
the rain washes away

will i see you again
when the mountains are white
the warmth of your eyes
