

# Stan Ridgway, Me & My Dad

Me and my dad  
We've got a good thing going  
Fishing trips, the hard way's the best  
Man-to-man talks, when the going gets tough  
The tough get going

Follow me, son  
I'll guide you the right way  
Fix my car when the engine falls apart  
Show me where the piston goes  
Can you get this thing to start?

Father talks big business with authority  
He's the big boss, he knows the levels of consistency  
Father knows how to read his morning paper  
Tellin' me how he died to live, workin' hard labor

Chorus:  
Me and my dad  
Me and my dad  
Me and my dad  
We've got a good thing going

Father talks big business with authority  
He's the big boss, he knows the levels of consistency  
Father knows how to read his morning paper  
He's tellin' me how he died to live, workin' hard labor

Chorus repeat until fade
