Star Salzman, Miracle

Turn me on, I'm breaking down,
I used to be a miracle but that was yesterday

I used to be your favorite
But things were so much simpler then
Now I'm sitting here in the corner
Wond'rin if you'll ever need me again

Turn me on, I'm breaking down,
I used to be a miracle but that was yesterday
You took everything, out of me
You built something new, and then forgot about me

Take me down, take me down,
And then you can see what's going on inside of me

Fix me up, I'm breaking down, breaking down,
Put the pieces back together and watch the stars go by

Turn me on, I'm breaking down,
I used to be a miracle but that was yesterday
You took everything, out of me
You built something new, and then forgot about me
