

Starchaser, Jambe Myth(love will set you free)

Look to the skies above you
Whatever your heart is into
Whoever you wanna be
Love will set you free
Together our dreams will fly
I know I'll be flying so high
Wherever you wanna be
Love will set you free
Look to the skies above you
Whatever your heart is into
Whoever you wanna be
Love will set you free ... rip. x 3
Love will set you free
