

Starchaser, Love Will Set You Free

Look to the skies above you
Whatever your heart is into
Whoever you wanna be
Love will set you free

Together our dreams will fly
I know I'll be flying so high
Whereever you wanna be
Love will set you free

Look to the skies above you
Whatever your heart is into
Whoever you wanna be
Love will set you free

Look to the skies above you
Whatever your heart is into
Whoever you wanna be
Love will set you free
Love will set you free
Love will set you free
