

Starcrawler, Roadkill

I'm about to show you what I'm made of
Quit your crying, now it's time to wake up
Deadbeat sleeping on a bed of lies
I hate to put you down but I think it's time
Roadkill, roadkill
Wrap you 'round my spinning wheel
Roadkill, roadkill
Run you over, see how it feels
I like the way you try and hate me
You know I'm rhinestoned up so you treat me like a baby
I wish, wish it wasn't true
But this whole time I've been a bigger man than you
Roadkill, roadkill
Wrap you 'round my spinning wheel
Roadkill, roadkill
Run you over, see how it feels
You want mommy to hold your hand?
You want mommy to hold your hand?
You'll be my roadkill, roadkill
Wrap you 'round my spinning wheel
Roadkill, roadkill
Run you over, see how it feels
Roadkill, roadkill
Wrap you 'round my spinning wheel
Roadkill, roadkill
Run you over
