

Stardog Champion, Chloe Dancer/Crown Of Thorns

Ooo, yeah, yeah, yeah...

Chloe don't know better

Chloe's just like me, only beautiful

A couple of years difference (Her trouble lovin' is different?)

But those lasses never learn and you know

Chloe danced the tables in the French Quarter

She's always been given so I can't always make her laugh

But I'm proud to say and I won't forget

The time spent laying by her side, oh yeah, yeah

The time spent laying by her side, oh yeah, yeah

Dreams like this must die

And a dream like this must die

Dream like this must...

You ever heard the story of Mr. Faded Glory?

Say he who rides a pony must someday fall

Talkin' to my alter, life is what you make it

And if you make it death well rest your soul away

Away, away, yeah child

It's a broken kind of feeling shed have to tie me to the ceiling

A bad moon's a comin' better say your prayers, child

I wanna tell you that I love you but does it really matter?

I just can't stand to see you dragging down, again

Again, my friend again, oh yeah

So I'm singing

And this is my kinda love

It's the kind that moves on

It's the kind that leaves me alone, yes it does

And this is my kinda love

It's the kind that moves on

It's the kind that leaves me alone

I used to treat you like a lady now you're a substitute teacher

This bottle's not a pretty, not a pretty sight, yeah

I owe the man some money so I'm turnin over honey

See Mr. Faded Glory is once again doin' time, oh yeah

And this is my kinda love

It's the kind that moves on

It's the kind that leaves me alone, yes it does

And this is my kinda love

It's the kind that moves on

It's unkind and it's unkind and

It'll leave me alone, yeah

Like a crown of thorns

It's all who you know, yeah

So don't burn your bridges woman

Cause someday, yeah

Kick it!

And this is my kinda love

It's the kind that moves on

It's the kind that leaves me alone, yeah

And this is my kinda love

It's the kind that moves on

It's unkind and it's the kind that

Baby i said com' on, com' on, com' on,

com' on yeah I said baby don't burn your
bridges woman
