

Starflyer 59, A Good Living

There's this feeling that I've got to leave
Because the money is all out of reach
I'm leaving home and I can't tell you sorry
There's a lot of views
But this is what I'm going through
I'm leaving home because I can't make you nothing

Can you look around
For hope because I need it now
Jesus Christ please help me because I'm lonely

What's the use in living
If you can't make a good living
