

Starflyer 59, Lights On

the light's on
a last song
you know i'm going to leave her
i've never been a needer
the light's on
it's all wrong
you know that i believe her
she's always been a needer

it's a nice try
you'll never get your loved one back

the strong
they're wrong
always a believer
i've never been a needer
the light's on
a last song
you know i'm going to leave her
i've always been a cheater

it's a nice try
you'll never get your loved one back
