

Starflyer 59, Party

I left you two alone
With nothing really wrong
But you messed up the party
I never did you wrong
You keep on wasting holidays
I guess I could be wrong
I never wasted holidays
A friend like you is all I need
I want to know
You messed up the party
I never did you wrong
You keep on wasting holidays
I guess I could be wrong
I never wasted holidays
I want to know...
