

Starflyer 59, Stop Wasting Your Time Messed Up

take the flight
cause I'm leaving tonight
just ain't right
'cause you're holding tonight

I'm leaving tonight
I'm leaving tonight

how soon you've wasted your whole life
it just ain't right

so summertime
you got old
now don't die

I'm leaving tonight
I'm leaving tonight

instead of wasting your whole life
messed up & down
your whole life
messed up & down
