

Stargate, Waterfall (ft. Pink & Sia)

I'm in your waterfall /3x

I'm in the jungle now
You're been seeking
I've been hiding out
Use your love
It scares me so deep down
You may find me
Coz my heart beats loud, so loud
If beats fast in the place where you touched me last
I can feel the burn my skin
It has
But the return of your beloved hands, hands

I've lost control
I paddle, but you're too strong
But I gotta trust you flow
Coz, boy, I'm in your waterfall
I've lost control
And , baby, it's relief to know
I got you keeping me afloat
When I'm in your waterfall

I'm in your waterfall /8x

Baby, you're my oxygen
When I cannot find my way on Earth
You know I can be when I hold on
Even when the rapid's strong

I've lost control
I paddle, but you're too strong
But I gotta trust you flow
Coz, boy, I'm in your waterfall
I've lost control
And , baby, it's relief to know
I got you keeping me afloat
When I'm in your waterfall

I'm in your waterfall /8x
