

Starkillers, Scream

Can you make me feel like a star?
Can you make me shake and scream?
Can you make me beg now baby
Can I leave you loving me?

[Repeat 1x]

Can you make me loose my mind?
Can you tease me?
Can you make me wanna dream?
Can you please me?

If we did it on a magazine,
If we did it on a silver screen,
If we did it on the bathroom floor,
Would you girlfriend call me a whore?

[Repeats 3 x`s]

Can you make me feel like a star?
Can you make me shake and scream?
Can you make me beg now baby
Can I leave you loving me?

[Repeat 1x]
